

2026 Big Game/Points Challenge

For a Horseshoe Tour Tournament game to qualify for the Big Game/Points Challenge, it must...

- 1) Be pitched during any round of a tour event.
- 2) Also, exceed a player's entering NatStat ringer percentage.
- 3) Any player participating in an event will receive 3 "travel points"

Super Big Games:

27 = 3 + 4 = 7 points

28 = 3 + 6 = 9 points

29 = 3 + 8 = 11 points

30 = 3 + 10 = 13 points (plus \$100)

Notes:

All four tournament sites are participating in the Big Game/Points Challenge at the triple points level. Big Game points will accumulate all season long, and players will be paid via check once the final event is completed, records are checked, and verified for accuracy. Updated summary reports showing Big Game/Points standings after each event during the year will be posted online at www.thehorseshoetour.com. Players are expected to monitor their own results and immediately report any concerns or potential errors to Ron Taylor, 803-412-8226.

Newberry, SC (Triple Points)

Ronceverte, WV (Triple Points)

Buffalo, TX (Triple Points)

Morgan City, LA (Triple Points)
